HOW ABOUT THIS? With most people grumbling about the heat it was thought that perhaps this scene at 151st and West Av., Orland Park, taken in the wintertime, might have a cooling effect. We probably wouldn't want all of this snow but wouldn't just a touch of it feel good?

Frogs, Thousands Of Frogs, Visit Farm

Frogs -- hundreds ... make it thousands -- took over the yard and some of the fields on the Ben M. Bettenhausen farm, 159th and 80th Av., Orland Township, Monday but when Mrs. Bettenhausen looked out the next morning they were gone.

"At least I think they are gone," said Mrs. Bettenhausen said when reached by telephone Tuesday. "Perhaps I should put that a different way -- I hope they are gone. I don't see any of them hopping about in the yard and yesterday it was full of them. There may be some under the shrubs or in the flowers but I am not going out looking for them."

Where the creatures came from is something that hasn't been answered really -- so far it has just been theoretical speculation.

The frogs were about two and a half inches long and very agile. Some of the scientific blokes -- without having an actual look at them have said they would appear to be tree or plains frogs. Some figure they came from a slough that lies about three blocks west of the Bettenhausen place and that to the slough they have returned. Some guess they may have originated in some of those peat bog pools two or three miles to the west. A few

miles walk should not be a problem for any healthy, clean - living frog, it was said.

Some hold the theory that the current heat wave may have speeded up the transformation of tadpoles into frogs, or maybe it is the speeding up of eggs into tadpoles, or maybe -- well, anyway there were a lot of frogs on the Bettenhausen farm and while Mrs. Bettenhausen wasn't pleased with this visitation the four young children of the Richard Diehls, tenants on the place, were having an exciting and wonderful time. The youngsters range in age from four to nine and no doubt a yard alive with leaping and tumbling frogs would hold more appeal for them than, say the average adult.

Someone theorized that the violent thunderstorm early

Monday morning might have churned up the slough waters to such an extent that this huge army of frogs was pushed ashore and hoisted them along to the Bettenhausen farm. A biologist at the University of Chicago was reported to have discounted the idea that the storm was responsible. He believes maybe the heat hastened the transfer from tadpole to frog.

No one as yet has said that the frogs were rained down altho there have been cases where frogs have fallen on the earth during rain storms.

Mr. Bettenhausen, whose health has not been good, noted the presence of the frogs but was not excited. Frogs come from the marshes, he reasons, and will return to the marshes.

Any frog that stays on land in this kind of weather when he might be snug in some watery home must be out of its mind, one of the science chaps said.

as well as covering 20 automobile accidents. In seven instances firemen stood guard over broken electric wires until crews could arrive to repair them.

The police report for June filed by Chief Frank Guetter with Trustee Elston Oranger police commissioner, showed 131 arrests in the period, 81 of them because of radar readings.

Will Locate Funeral Home At Frankfort

Eugene Gerardi Sr., and Eugene Gerardi Jr., who have been in the undertaking business at Chicago Heights for many years, are opening a funeral home at Frankfort, known as the Frankfort Community Chapel. It is located on U.S. 30 at 95th Av., just east of U.S. 45.

Transformation of the building into an undertaking establishment is nearing completion. There will be two chapels and a casket display room, in addition to other accommodations. The grounds will provide ample parking. The chapel is designed to serve the area.

Meanwhile, funeral arrangements will be made thru the funeral home operated by a brother of Eugene Sr., Armand A. Gerardi, at Chicago Heights. The two brothers were partners for many years.

Twenty-four hour ambulance service is now available.

Turn Down Zoning For Animal Clinic

An application by Dr. Raymond J. Morandi, Chicago, a veterinarian, who sought rezoning of an acre parcel in Orland township as a site for a small animal clinic has been turned down by the Cook County Zoning Board of Appeals.

The listed land is on the east side of Wolf Rd., 1,139 feet north of 159th St.

In its opinion the zoning board claimed that Dr. Morandi, at the May 23 hearing in the village hall at Orland Park, failed to prove that the change in zoning, from R-3 single family to B-5 general commercial district, was in the public interest. There were no objections.

There are many ways to measure progress, and we at Joliet Federal have always been careful of the elements we select to apply to this measurement. We cannot use dollars and cents alone. We cannot adequately measure our progress by numbers of savers alone, nor can we cite the size of our facilities and say that this is the ruler by which we measure progress. Obviously, we must take *all* of these factors into consideration. And so it is, at midyear, 1966, we present to you our financial statement *plus* the other important elements of progress.

Service is the major factor affecting most of our customers directly. With this in mind, we continue to make every effort to provide the kind of service we feel that you - as savers and borrowers - will like.

In the final analysis, Joliet Federal is a joint venture - between you, our savers and borrowers, and the directors, officers and personnel. This, we are confident, is the only practical foundation upon which to build because it insures continued confidence, a friendly relationship and the growing strength and size required to provide you with the many services and advantages you logically expect from *your* savings association.

Open Letter from the Hirschs

Dear friends,

It is wise to keep a listing of all insurance policies in auto clubs, fraternal and service clubs, unions and professional organizations, so that survivors will know of all insurance in effect.

A similar list of bank accounts, safe deposit box, investments and securities is also advisable.

The attendance at the auction was hampered by the heat, which hindered the amount the auction brought. The Burros would like to thank everyone for their donations, but, a special thanks to Ralph Ordman of the Park and Shop, who was most cooperative as well as generous with the Burros entry.

Community Ball Team Wins Holiday Games

MRS. EDWARD HOVI
Telephone: 479-5740

The two teams of older boys, the Pony League Team and the Colt League Team, had no scheduled games during the holiday week, but the younger teams had their share.

The Little League Team had a busy time with three games during the week, including an exhibition game against the Mokena Twins on the Fourth of July. It was a good week for them, with their winning all three games.

Preceding the holiday our boys defeated the New Lenox Savings Yankees in a tight battle by the score of seven to six. The exhibition game followed on Monday the fourth with Arbury Hills White Sox winning over the Mokena Twins by a nine to four score. The third game was played against Manhattan Sportsmen in a high-scoring thirteen to nine game, our boys again were the victors.

The Minor League Team, the Red Sox finally broke their bugaboo with Manhattan, when they played their third game against the Manhattan team, and at long last came out ahead after two previous losses, by the score of ten to three. Congratulations, boys!

The two Farm Teams played each other in a well played, low scoring match which saw the Wildcats defeat the Angels by the score of two to zero. These two teams of eight year olds are beginning to show the many hours of practice and efforts of their managers and coaches in the improvement shown by all the boys in their first year of play.

At the count of three everyone who pitched into help with the running of the two game booths at the park over the holiday, give yourself a pat on the back, one, two, three!

Because of the assistance of so many people the Baseball League had a financial success with their two booths without any one person having to spend too many hours working during the holiday week end. Thanks a heap!

With the two Maschmeyer girls having their birthdays only three days apart, Janice and Cherry Ann decided to celebrate on the same day.

Janice celebrated her thirteenth birthday with a swimming party in their backyard pool with some of her friends.

Cherry Ann celebrated her third birthday with a fun time at the Pleasant Acres Amusement Park on Route

30, with a group of her friends. A good time was had by all.

Whoopie time is here for the Richard Heims. Ole gave birth to their fourth child on July 2 at the Silver Cross Hospital in Joliet. After a trio of girls, Marcella who is ten and one-half, Jancine, who is five, and Liza, who is two and one-half, a warm welcome is being given to their newborn son, Sorn Gregory, who weighed seven

pounds six ounces at birth.

The newest member of the Heim household was named after his paternal great-grandfather, whose Danish name Sorn, means Sam in English. Both mother and son returned home a week later and are doing fine.

Ed and Barbara Vendel of 9403 South Hawthorne Street were finally rewarded for their two year wait last week, when they were at last able to adopt a six year old Kor-

ean girl named Edith Rae.

The Vendels met young Edith at the air port last week and brought her home to Arbury Hills. Congratulations, Ed and Barbara, your long anxious wait is over, and your home has received your child with joy.

Threshermen Reunion Set At 4-H Field

The 4th Annual Will County Threshermen's reunion will be held August 4-7 at Francis 4-H Field near New Lenox.

Among the features will be threshing of oats, plowing with a steam engine, and a yoke of oxen.

Also on display will be 10 steam engines, 30 gas engines, and some antique cars. Horse drawn wagon trains will be used to ride around to see the events.

GIVEN LAND
The Village of Orland Park is ahead almost five acres. The land is a little north and east of the sewage disposal plant which is about at 147th and the Wabash railroad tracks. The piece measures 4.07 acres and was apparently left over when the trust was dissolved that formerly embraced what is now Orland Park Hills. The original owners of the land have conveyed it to the village and Village Attorney Raymond Pieper was instructed to have the conveyance recorded. The village might have a use for it someday, it was said.

2 Orland Girls Win In Jaycee Track Meet

Two Orland Park girls, Cindy Peterson and Mary Jo Daley, won firsts in the Junior Chamber of Commerce district track and field meet at Calumet City and as a result won places on the District 12 team that will compete for state honors Aug. 4, 5, 6 at Granite City.

Cindy was first in the intermediate girls baseball throw and Mary Jo was the winner of the junior girls 100-yard dash.

Orland and Palos Townships sent 18 boys and girls to Calumet City where they pitted their skills in a field of 432 youngsters from 18 communities.

While the meet was sponsored by the Jaycees the Orland-Palos contingent was backed by other civic organizations since the Junior Chamber of Commerce does not have a chapter in either township.
